## Where Seeds for Success Grow

Leadership | Citizenship | Life Skills

### Supporting and Growing Our Next Generation

Backed by a robust community of volunteers and professionals, 4-H empowers young people to lead for a lifetime. Our programs, grounded in the belief that they learn best by doing, include science, healthy living, agriculture and citizenship. Hands-on learning builds confidence, creativity and curiosity, including life skills such as leadership and resiliency to help youth thrive today and tomorrow. Our reach is unmatched and our goal is to connect to youth throughout our local communities.

4-H gives youth the opportunity to develop the skills needed to handle what life throws their way along with mentoring and career readiness as core elements. No one knows this better than our Alumni and friends, and we need your help to bring the same experience and skills to the next generation.
