Interested in Joining a 4-H Club?

*Empowering Young People
to Lead for a Lifetime*

4-H programs are grounded in the belief that kids learn best by doing. Through hands-on learning, youth build not only confidence, creativity and curiosity, but also life skills such as leadership and resiliency that will help them thrive today and tomorrow.

Each club provides positive youth development opportunities that help meet the needs of young people throughout our area. Youth experience belonging, mastery, independence and generosity – the essential elements – and foster educational opportunities tied to the land grant university knowledge base.

Membership in 4-H clubs is open to all youth ages 5-18 years of age - as of January 1st of the current year. Clubs meet in a variety of locations (home, community center, churches, etc.). Each club is led by an adult staff member, or volunteer, who has completed the screening process and has been trained. Youth officers and leaders are selected to provide leadership to each club.
