

## Pumpkin Tent Layout and Instructions

### MATERIAL LIST

Five Sticks of 1/2" PVC - 84" Long

Two 1/2" PVC T's

Four 3/8" Steel Rebar - 2' Long

Insert rebar into the ground - one for each corner. Then bend and slip the PVC over each of the rebar stakes.

Cover should be an opaque material that will protect the pumpkin from direct sun such as cloth, screening or tarp.
