# Tips for a successful project:

- Daily Care & Attention is needed!  
Watch for weeds & pests!
- Keep Records- use the mini project book to record measurements!
- Take Pictures throughout the process from start to finish!
- Ask for help! Contact your local Extension Office for guidance:
  - Edgecombe: 252.641.7821
  - Nash: 252.459.9810
  - Wilson: 252.237.0111

# Pictures

Pictures help to tell a story. Include pictures of various stages of the project (i.e. preparing the soil, planting, weeding, harvesting & weighing). Be sure to include pictures of you working in them and include captions for the readers.

Maximum: 6 pages

# Project Summary

You may attach additional pages as needed to complete the project summary section.

Did you preserve or store any of the seeds for later use?

What changes would you like to make in your garden next year?

What did you find to be the most challenging about growing the pumpkins? Why?

Did you bring your pumpkin(s) to the weigh-in?  
What was your final weight(s)?

Did family members or other adults help you with the Growing Giants Program? Who were they & how did they help you?

Would you be willing to try this project again next year?
