

Be Prepared: Disaster Preparedness

4 steps to disaster planning

Identify your family, and community needs

Easy, free and low-cost disaster preparation & mitigation planning

How to protect your home, and other assets

Sharpen your disaster preparedness tool box

Disaster Preparedness is For Everyone

The 2024 hurricane season begins June 1 and runs through November 30. Now is the time to prepare for this and other weather-related emergencies before they happen.

Contact us to plan a free in-person or virtual session for your community, church, or civic group and receive access to free electronic guides, state and local resources, information, and more.
