

# Area Livestock Feed Dealers

*Note: Not listed in any order of preference nor recommendation from NC Cooperative Extension. This list is simply a helpful list for 4-H'ers and families to use when purchasing feed for their livestock projects. This is not a comprehensive list, apologies for any omitted feed dealers/stores, etc. If you know of any, please contact your livestock extension agent to be added to the list.*

*Please call any of these representatives listed for prices, and feed availability...all stores do not carry all species, so you must call to check what is available at their stores and/or ordering options for feed.*
