

PRODUCE SAFETY RULE

WATER SYSTEMS WORKSHOP

April 18, 2024
8:00AM - 5:00PM

Mountain Horticultural Crops Research and Extension Center
455 Research Drive
Mills River, NC 28759

Registration Link: <https://cvent.me/aezY83>

Registration Questions: Sarah Cope, sarah.cope@ncagr.gov

Workshop Description: The Water Systems Workshop aims to promote greater understanding of water systems, water quality trends, water assessments, water distribution and connections, and water treatment equipment options. This workshop is designed to be interactive using presentations that encourage discussions, scenario-based small group breakouts, and hands-on activities. The workshop is structured to accommodate regional considerations within the content. This workshop will ensure the attendee has the knowledge and skills to evaluate their water systems for risk factors that may affect the safety of fresh produce for human consumption.

Target Audience: Produce farm employees including farm owners, growers, farm workers, food safety personnel, etc.; regulatory staff and other state officials that will be enforcing the Produce Safety Rule; and produce safety educators/Extension personnel that educate produce growers about the Produce Safety Rule.

Registration Fee: \$75.00

Presented By: North Carolina Department of Agriculture and Consumer Services, North Carolina State University, North Carolina State Extension, and U.S. Food and Drug Administration

Funding Statement: This workshop is supported by the Food and Drug Administration (FDA) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award U2FFD007440 totaling \$2,658,315 with 100 percent funded by FDA/HHS. The contents are those of the authors and do not necessarily represent the official views of, nor an endorsement, by FDA/HHS, or the U.S. Government.
