

PRODUCE SAFETY RULE

FDA Joint Cleaning and Sanitation Workshop

March 13, 2024

8:00AM - 5:00PM

Horticultural Crops Research Station

2450 Faison Highway

Clinton, NC 28328

Registration Link: <https://cvent.me/PP2Nwm>

Registration Questions: Sarah Cope, sarah.cope@ncagr.gov

Workshop Description: The Cleaning and Sanitation Workshop aims to promote greater understanding of cleaning and sanitation practices that can be implemented on and around the farm to meet, and potentially exceed, the requirements of the Produce Safety Rule. While the primary focus is under Subpart L: Equipment, Tools, Buildings, and Sanitation and under Subpart K: Growing, Harvesting, Packing, and Holding Activities ; Subpart A: General Provisions will also be reviewed. This workshop is designed to be interactive using presentations that encourage discussions, scenario-based small group breakouts, hands-on activities, and in-person demonstrations. The workshop is structured to accommodate regional considerations within the content.

Target Audience: Produce farm personnel with cleaning and sanitizing responsibilities including leading or performing cleaning and sanitizing activities, regulatory staff and other state officials that will be enforcing the Produce Safety Rule; and produce safety educators/Extension personnel that educate produce growers about the Produce Safety Rule.

Registration Fee: \$75.00

Presented By: North Carolina Department of Agriculture and Consumer Services, North Carolina State University, North Carolina State Extension, and U.S. Food and Drug Administration

Funding Statement: This workshop is supported by the Food and Drug Administration (FDA) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award U2FFD007440 totaling \$2,658,315 with 100 percent funded by FDA/HHS. The contents are those of the authors and do not necessarily represent the official views of, nor an endorsement, by FDA/HHS, or the U.S. Government.
